CASKET VAULTS

In most areas of the country, no state or local law makes you buy a container to surround the casket in the grave. However, many cemeteries ask that you have such a container so that the grave will not sink in. Either a burial vault or a grave liner will satisfy these requirements. Forest Lawn requires a container for ground burial not in a pre-constructed lawn crypt. However, you do not have to buy the required container from us. The following are our prices for adult sized containers.
