The dove below, a symbol of love and memory, is provided for you to adorn as a tribute to your person. You are encouraged to decorate it using any material, colors, or items that best represent your person and your attachment to them.

When it is complete, display it in a manner that will bring you comfort and serve as a reminder that they remain near at hand. This may be in your home, your place of employment, or in another special place that is meaningful to you.

In this time and virtual space we will form a community that provides strength and support to one another.

In Memory of
